TOPSY BOY.

Shetland stallion foaled May 19th, 1910. Black, with white on shoulders, white over quarters, white legs, large white star in forehead, imitation white saddle on back. Sired by Givens pony, he by Hundley's Blue Eyes, 1st dam Doty's a very fine pony, that could trot in three minutes and fine as a thoroughbred.

Topsy can trot fast, pace, running walk and high step. I showed him at Lancaster fair at 2 1/2 months of age, in sweetstake ring against alleged ponies and he took the premium. I refused \$200 for him three times before he was four months old.

Will make the season of 1912 at my place in Crab Orchard, Ky., 300 yards from post office on Dripping Springs road at \$10 to insure a living colt.

Doctors Said Health Gone

Suffered with Throat Trouble

Mr. B. W. D. Barnes, ex-Sheriff of Warren County, Tennessee, in a letter from McMinnville, Tennessee, writes: "I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured."

Mr. B. W. D. Barnes. Unable to Work.

Mr. Gustav Himmelreich, Hochheim, Texas, writes: "For a number of years I suffered whenever I took cold, with severe attacks of asthma, which usually yielded to the common home remedies."

"Last year, however, I suffered for eight months without interruption so that I could not do any work at all. The various medicines that were prescribed brought me no relief."

"After taking six bottles of Peruna, two of Lactopla and two of Manalin, I am free of my trouble so that I can do all my farm work again. I can heartily recommend this medicine to any one who suffers with this annoying complaint and believe that they will obtain good results."

WITH A HIGH HAND

(Glasgow Times)

Hon. Henry R. Prévitt, chairman of the Democratic state central and executive committees, has taken himself to Washington, consulted with the Kentucky congressman, and so arranged matters that there will be no necessity whatever for holding a State convention in Kentucky, or for any democrat giving the matter either thought or attention. In conjunction with the friends of Speaker Clark, it has all been nicely arranged that

The twenty-six votes of Kentucky shall be handed over to Mr. Clark.

The State executive committee shall be abolished.

Frank Bullock, of Lexington, shall be chairman of the State committee. The delegates at-large to the national convention were suggested.

The make-up of the new state committee was mentioned.

This national committee membership was arranged for.

In other words, all the actual work of the convention was disposed of, but that body will be generously allowed to meet, take a few drinks and adjourn.

All this was decreed in a consultation between about fifteen men afar off in the city of Washington.

There are 250,000 Democrats in Kentucky. Each and every one of them has just as much power in the premises as any of the gentleman who have intimated their desire to act as proxy for the democracy of Kentucky. We are of the opinion that the voters will be heard from in no uncertain tones as to their rights

and their ideas, before the State convention meets.

ARE MICROBES IN YOUR SCALP?

It has Been Proved that Microbes Cause Baldness

Professor Anna of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair) being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1. Remember, you can obtain it in Stanford only at our store—The Rexall Store, Penny's Drug Store.

One of the best points in favor of Foley Kidney Pills is the comfort and relief they give to elderly people. Mrs. R. D.
